On November 25, YVEDDI worked with the American Red Cross and hosted a Blood Drive in honor of Shane Stout. Shane, as you know, is the Head Start Facilities Supervisor and he is battling cancer. Throughout treatment for cancer, Shane has depended on lifesaving blood transfusions. We were grateful for the opportunity to honor Shane and his family during this event and were so glad that he was feeling well enough to attend.

Thirty-one people attended the event and the American Red Cross was able to collect 30 units of blood.

Thank you to everyone that helped to make this day a tremendous success.

Mission Statement

Dedicated to improving the

lives of individuals and

families in Davie. Stokes.

Surry, and Yadkin Counties

through a variety of

programs and

partnerships to build

stronger communities."

Retired and Senior Volunteer Program (RSVP) Partnered with the American **Red Cross**

On March 7th, twenty-nine donors took the time to give the gift of life at the Community Blood Drive sponsored by YVEDDI Retired and Senior Volunteer Program (RSVP)

Every day more than 41,000 pints of blood are needed for patients across the country.

A Community Blood Drive is held at the Surry Red Cross Chapter in Mount Airy on the first Monday of each month, from 1:30 pm until 6:00 p.m. You can donate! every 8 weeks by calling (336) 816-6280 or call 1-800 Red Cross.

We welcomed the opportunity to partner with the American Red Cross to help! meet the critical needs of the community.

All proceeds benefit the YVEDDI Meals-on-Wheels Program

Kevin Edwards, Operations Manager for YVEDDI Public Transportation recently completed the Transportation Leadership Development Program (TLDP) sponsored by NC State University and the North Carolina Department of Transportation - Division of Public Transportation. This unique 12 week program allows participants the opportunity to develop skills which apply to "decision-making, leadership and mentoring." During this program Kevin was required to complete an individual project that related to and had some bearing on YVEDDI Public Transportation. As his project Kevin chose to conduct a study of the financial impact of servicing and maintaining the wheelchair lifts of YVEDDI's fleet of 44 lift equipped vehicles. He determined that YVEDDI spends over 17,000.00 annually with an outside vendor to properly maintain the wheelchair lifts on the YVEDDI lift vehicles. Cost cutting measures were identified and implementation has already begun.

For his successful completion of the TLD Program Kevin was awarded a Certificate of Completion as well as 12 Continuing Credit hours from NC State University.
