Head Start is a federally funded program whose goal is to prepare children ages 3-5 for school by providing a quality, safe-learning environment within a structured educational setting and is the only local pre-school program that offers health, dental, social services and a comprehensive parent involvement program. Services are provided in Davie, Stokes, Surry, and Yadkin Counties to 385 children and include nutritious meals and snacks and developmentally appropriate

activities. **Medical** and **Dental** services are provided (including payment, if needed, for healthcare, dental exams and follow-up). Parents have the opportunity to collaborate with teachers to develop their child's plans for learning, develop and revise program policies, participate in various committees, including the Policy Council. Children with special needs are at least 10 percent of our enrollment. Families must meet Federal income guidelines to qualify.

Head Start also partners with the **NC Pre-K program** in many of our classrooms. The additional funding allows Head Start to extend its operational days of service from 160 to 180 days, pay for higher qualified teachers, and reduce teacher/child ratios from 1:10 to 1:9 or class size from 20 to 18 children.
