

YVEDDI Senior Services

COVID-19 Attestation Form

These screening questions must be completed each day prior to coming to the Senior Center and/or Nutrition Site.

A daily signature is required each day on this form.

Name _____

Location: _____

Please call the Senior Center if you need additional assistance with these questions.		
Signing my name each day, I attest that I can answer "NO" to all three screening questions below to the best of my knowledge.		
Monday	Date / /	Signature:
Tuesday	Date / /	Signature:
Wednesday	Date / /	Signature:
Thursday	Date / /	Signature:
Friday	Date / /	Signature:
1	Have you had close contact within 6 feet for at least 15 minutes in the last 14 days with someone diagnosed with COVID-19, or has, any health department or health care provider been in contact with you and advised you to quarantine?	NO – You can attend the center today
		YES - You CANNOT attend the center today
		<i>See guidance below about return to the center or follow directions from a health care provider.</i>
2	Do you have any of these symptoms? - Fever (100.4° F or higher) - Chills - Shortness of breath or difficulty breathing - New Cough - New loss of taste or smell	NO - You can attend the center today
		YES– You CANNOT attend the center. Seek medical assistance.
		<i>See guidance below about return to the center or follow directions from a health care provider.</i>
3	Since you were last at the senior center, have you been diagnosed with COVID-19?	NO - You can attend the center today
		YES- You CANNOT attend the center today.
		<i>See guidance below about return to the center or follow directions from a health care provider.</i>
If I have been out of the center due to a previous "YES" response above, when can I return to center?		
1	You remain at home for 14 days from the date of exposure to COVID-19 positive person.	
2	If you had a negative COVID-19 test, you can return to the center once there is no fever without the use of fever-reducing medicine and you have felt well for 24 hours.	
	If confirmed positive COVID-19 test or if you have not been tested, you can return to the center 10 days after you first had symptoms, have no fever for 24 hours without the use of fever-reducing medicine and they have symptom improvement including no cough and no shortness of breath.	
	Household members should also quarantine for 14 days from last exposure unless the symptomatic person is cleared as a result of a negative test for COVID-19.	
	If a confirmed diagnosis other than COVID-19 (e.g. stomach virus, ear infection, etc.), follow normal policies for returning to the center.	
3	If you have been diagnosed with COVID-19, but do not have symptoms, you should remain out of the center until 10 days have passed since the date of your first positive COVID-19 diagnostic test.
