Child Outcomes

Three times per year we assess and report on each child's progress in the Head Start program. In summary, our goal is to find out what the children already know and use our assessment to help them become "School Ready". By having a detailed outcomes plan and implementing each part, we are able to form a strategy for each child's development process.

School Readiness Initiative

In order to ensure school readiness for children, YVEDDI Head Start developed a School Readiness Committee.

The following statement is the Mission Statement of the committee:

YVEDDI Head Start will establish and carry out program goals for school readiness in accordance with the Head Start Child Outcomes Framework. The goals will be shared throughout all components of the program, with Head Start parents and our LEAs in order to ensure school readiness success for all Head Start children and their families.

YVEDDI Head Start School Readiness Plan Overview

YVEDDI Head Start has aligned our readiness goals with the North Carolina Foundations for Early Learning and Development and Teaching Strategies Gold Objectives for Development and Learning – Birth through Kindergarten Assessment Tool. (Early Learning Strategies for NC Preschoolers and Strategies for Guiding Their Success).

North Carolina Foundations describes goals for all children's development and learning, no matter what program they are served in, the language they speak, disability they may have, or their family circumstances. Foundations and Teaching Strategies Gold provide age-appropriate goals for our children and address the domains of learning that we measure through our ongoing assessments.

Data to support the achievement of the goals will be aggregated and analyzed after each child assessment checkpoint, in accordance with our Outcomes Plan. Checkpoints are conducted three times during the academic year. We will use the data gathered to determine our progress towards meeting our Federal Grant Goals, to inform parents and the community of the outcomes and use the information to make the necessary program improvements to curriculum, teaching and instructional strategies, professional development, and program design and to assist with other program decisions.

The school readiness goals are created in conjunction with parents and we will determine each child's progress in the following domains; approaches to play and learning, emotional; and social development, health and physical development, language development and communication, cognitive development, as well as supporting dual language learners. We will also use the gathered assessment data to individualize services and teaching to best support each child.

YVEDDI Head Start will share our collected school readiness information with the public schools as part of our transition packet for each child. The information will be delivered to the schools and forwarded to the child's kindergarten teacher.

Results of the Most Recent Review by the Secretary

During the **2017-2018** school year, the program underwent two intense reviews from the Administration for Children and Families, a federal agency operated by the Department of Health and Human Services, its primary funding source. The reviews specifically monitored Environmental Health and Safety, School Readiness and the overall delivery of child services. Both reviews resulted in 100% compliance with the 1700+ Federal Performance Standards. In **January 2018**, the program had a CLASS review. Our scores were 5.9861 out of a possible 7.0 in Emotional Support, 5.5093 out of possible 7.0 in Classroom Organization and 3.1852 out of a possible 7.0 in Instructional Support.

Results of the Financial Audit

There were no non-compliance determinations found on the YVEDDI **2017-2018** Fiscal Year Audit.
